

CRYOSITE LIMITED – PERSONNEL SHARE TRADING POLICY

1 OVERVIEW

The *Corporations Act*, and the laws of other jurisdictions in which Cryosite operates contain provisions which prohibit a person in possession of material, non-public information (“Material Information”) relating to a company from dealing in any way with shares, options or other securities issued by that company or issued or created over the company’s shares by third parties (shares).

This Policy applies to all Directors, senior executives, employees, contractors and consultants (collectively, Personnel).

The Cryosite Personnel Share Trading Policy (the Insider Trading Policy) sets guidelines designed to protect Cryosite and Personnel from intentionally or unintentionally breaching these Laws.

2 THE LAW

The principal insider trading prohibition in Australian law is contained in section 1043A of the *Corporations Act*.

Section 1043A prohibits a person (an Insider) who is in possession of Material Information relating to Cryosite that is not generally available but, if the information was generally available (see paragraph 3), a reasonable person would expect that information to have a material effect (see paragraph 4) on the price or value of Cryosite Securities from:

- a) applying for, acquiring, disposing of or entering into an agreement to apply for, acquire or dispose of Cryosite Securities;
- b) procuring another person to apply for, acquire, dispose of or enter into an agreement to apply for, acquire or dispose of Cryosite Securities; or
- c) directly or indirectly communicating the Material Information to another person when the Insider knows, or ought reasonably to know, that the other person would or would be likely to:
 - i. apply for, acquire, dispose of or enter into an agreement to apply for, acquire or dispose of Cryosite Securities; or
 - ii. procure another person to apply for, acquire, dispose of or enter into an agreement to apply for, acquire or dispose of Cryosite Securities.

3 AVAILABLE INFORMATION

Information relating to Cryosite would be considered to be generally available after it has been released to the Australian Securities Exchange (ASX) and the ASX has fully disseminated that information to the market.

4 INFORMATION HAVING A MATERIAL EFFECT ON CRYOSITE SECURITIES

A reasonable person would be taken to expect information to have a material effect on the price of Cryosite Securities if that information would, or would be likely to, influence persons who commonly invest in securities in deciding whether or not to acquire or dispose of Cryosite Securities.
